SCHOOL NOTES

Stock Judging

The instruction in stock-judging given on the past week by Mr. Wulchet at his four meetings in the county, for the benefit of the boys who expect to enter the contest at the Medina County fair were everywhere well attended.

Starting in on Monday afternoon, about 35 boys from Medina and Brunswick assembled at Clyde Hatch's farm, north of town, where Mr. Wulchet instructed them in the points that go to make up a perfect draft horse. On Tuesday morning the same group of boys visited Mr. F. H. Gibbs' place in Brunswick and studied that gentleman's fine herd of Holstein cattle. In the afternoon they went over into York township for the study of pigs.

On Wednesday a group of forty boys from Granger, Medina and Sharon, augmented by a goodly number of interested farmers, gathered at C. Z. Ganyard's place in Granger township. The forenoon was given to cattle judging while the afternoon session was taken up with a discussion of horses and hogs.

On Thursday morning, the banner crowd of the week, seventy-five boys and men, met at Mr. Townsend's fine place at Chippewa Lake and studied his thorough-bred Guernsey cattle and splendid Belgian draft horses. In the afternoon the crowd was given instruction in what constitutes a good porker. At this meeting the boys came from Lodi, Leroy, Seville and Homerville, the latter place sending a fine delegation of over 20.

Mr. Wulchet finished the week at Litchfield, where Supt. A. M. Allender and Mr. Willis Leach had everything in readiness. Here as elsewhere a large crowd was on hand, proving that parents and pupils are deeply interested in the real problems of rural efficiency.

All the week Mr. Wulchet's lectures were most interesting and practical, and served to arouse a deep interest in a better class of stock. Everywhere the boys gave splendid attention to his remarks.

County Track Meet

In many parts of Medina county mother's pies, cakes and doughnuts are growing stale on the pantry shelf. No, gentle reader, the boys of the county have not suddenly lost their appetites, but Jack, Bill, Bearney and Pete are not indulging in such frivolous dainties just now. They are training to get into condition for the county track meet Saturday, May 22. This statement will no doubt relieve many an anxious mother who has been watching her son's apparently failing appetite with wonder and apprehension. If, in your travels over the county, you observe some youth with glaring eye-balls and wobbling knees pounding along the highway in an apparently exhausted condition, be not alarmed for the boy is only getting into condition for the half mile run and hasn't yet succeeded in getting his wind and his muscles up to the required standard. Most of the schools are training for the school relay, which will be the banner event of the day.

Several requests have come in for a pole-vaulting contest and, if four or more boys signify their intention of entering this event, it will be added to the list.

The festivities will close with a ball game between two county high schools but arrangements have not yet been completed.

This track meet will be a general picnic day for the schools of the county and will be attended by large numbers of people from all parts of the county. Let everybody come and bring his lunch basket.

The final examination for eighth grade pupils will be held on Monday and Tuesday, May 17 and 18.

A letter from Mr. A. P. Sandles states that it has been definitely decided that but one contestant from each county may enter the state spelling contest at Columbus, June 4. This will be a severe disappointment to many pupils, not only in Medina county, but elsewhere, who have planned for two contestants at Columbus, one for grades and one for high school students. It is expected, however, that many grade winners will be sent to Columbus on the date of the contest, even though they may not compete, as a reward for their fine efforts and to take away some of the disappointment caused by the decision at Columbus.

BATH MAN HEADS CONCERN

The Akron Growers' Market Co. was incorporated at Columbus Monday for \$10,000, by Percy J. Horn, G. Walter Booth, S. S. Yutzy and others. Mr. Horn, a Bath township farmer, will be president. The plan is co-operative, selling stock to farmers who would market their produce through the company.
